***Examiner's Amendment/Reasons for Allowance***

**Examiner's Amendment**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ed Garcia-Otero on September 20, 2005.

The application has been amended as follows:

1. Claim 28, lines 11-12, delete "at least one of a wearer's conventional and non-conventional refractive error" and insert therein –a wearer's refractive error other than myopia, hyperopia, presbyopia, and regular astigmatism--;
2. Claim 28, line 13, delete "the wearer's spherical error" and insert therein –a spherical error of the wearer--; and
3. Cancel claim 30.

**Reasons for Allowance**

The following is an examiner's statement of reasons for allowance: none of the prior art either alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103. Specifically, with respect to independent claim 1, none of the prior art either alone or in combination disclose or teach of the claimed method of manufacturing

an electro-active lens, specifically including, as the distinguishing feature in combination with the other limitations, the claimed power source connected to a hingescrew of the spectacle frame. Specifically, with respect to independent claim 28, none of the prior art either alone or in combination disclose or teach of the claimed method of manufacturing an electro-active lens, specifically including, as the distinguishing feature in combination with the other limitations, the claimed lens blank and electro-active elements providing the specific refractive error correction as claimed. Specifically, with respect to independent claim 29, none of the prior art either alone or in combination disclose or teach of the claimed method of manufacturing an electro-active lens, specifically including, as the distinguishing features in combination with the other limitations, the claimed electro-active element containing a plurality of pixels within a recess of the lens blank and the covering layer formed by way of curing an optical resin.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jordan M. Schwartz whose telephone number is (571) 272-2337. The examiner can normally be reached on Monday to Friday from 8:00 to 4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Georgia Y. Epps can be reached on (571) 272-2328. The
